Warranty Summary

Vehicle Limited Warranty

Your vehicle is covered by a comprehensive limited warranty that protects against defects in materials and workmanship for 4 years or 50,000 miles, whichever comes first. This coverage applies to all components of the vehicle, including the body, interior, electrical systems, and mechanical parts, except for those specifically excluded. The warranty begins on the date of first delivery to the original purchaser and is transferable to subsequent owners for the remainder of the coverage period.

Battery and Drive Unit Warranty

The battery pack and drive unit are covered under a separate, extended warranty that lasts for 8 years or 100,000 miles, whichever comes first. This warranty ensures that the battery will retain at least 70% of its original capacity over the warranty period. If the battery capacity drops below 70% during this time, we will repair or replace it at no cost to you. The drive unit, including the motor and inverter, is also covered for the same duration and mileage limits. This coverage applies regardless of how frequently you charge or drive the vehicle.

What Is Not Covered

The following items are not covered under any warranty:

• Normal wear and tear, including brake pads, windshield wipers, tires, and cabin air filters.

• Damage resulting from accidents, misuse, neglect, or unauthorized modifications.

• Damage caused by improper charging, such as using non-certified chargers or attempting to charge in extreme weather conditions.

• Damage from natural disasters, including floods, fires, or hail, unless covered under a separate insurance policy.

• Software issues that result from unauthorized software updates or third-party apps.

• Loss of value due to market changes, depreciation, or changes in vehicle performance unrelated to defects.

• Any damage caused by failure to follow the recommended maintenance schedule outlined in your owner’s manual.

How to Start a Claim

To begin a warranty claim, follow these steps:

1. Contact our support team through the mobile app or visit support.veevo.com.

2. Provide your vehicle’s VIN, the nature of the issue, and a description of the symptoms. Include any relevant error codes or diagnostic trouble codes if available.

3. Our support team will review your request and determine if it falls under warranty coverage.

4. If approved, you will be directed to the nearest authorized service center or scheduled a mobile technician visit.

5. For safety-critical issues, such as loss of power steering or braking, we may dispatch a mobile technician within 24 hours of your request.

6. All repairs are performed at no cost to you, including labor and parts, if covered under warranty.

7. If your vehicle requires towing, we will arrange and cover the cost for up to 100 miles to the nearest service location.

Additional Notes

• Warranty claims are processed within 48 hours of submission during business days.

• Service appointments are typically available within 5 business days, depending on location and technician availability.

• If a repair requires a replacement part, we will notify you of the expected delivery time and schedule the appointment accordingly.

• You may be asked to provide photos or videos of the issue for faster diagnosis.

• Warranty coverage does not extend to modifications made after delivery, including aftermarket parts or software changes.
